Hi Dan,

Everything is set up and ready to go. I will let the lab know that you will pick the containers up on Monday, August 6th.

Thanks!

Emily

Subject: West Lake Landfill: sampling schedule

Emily, the sample collection schedule for West Lake has been set. I will be on-site collecting split samples from Monday, August 6th to Thursday, August 9th. I will need containers (pre-preserved as required by the methods) and coolers from Test America. Since they are so close to the site, it would make sense for me to pick them up on Monday when I arrive.

Let me know if you need more information to set this up, or just give me a call.

Thanks,
Daniel R. Gravatt, PG

Hi Dan,

I will be setting up the lab (Test America) for this project. Do you know when you will be collecting the samples? Also, will you need containers? If you could let me know, I will work on getting this set up.

Thanks!

Emily
